General characteristics

Grinding belt dimensions	100 x 2.000 mm
Tube diameter	20 - 76,1
Hand lever adjustment	1
Motor power	3 kW

Dimensions and weight

Weight	190 kg

Description

Demo machine / mint condition

The lever operated AL100U-01 can grind material from Ø 20 mm to Ø 76.1 mm. Its compound slide and carriage with rotatable clamp are continually adjustable allowing the machine to grind all pipe sections at any angle between 30° and 90°. The ALMI AL100U-01 can be used to grind square, rectangular and round pipes with a range of wall thicknesses and is suitable for all customary types of materials. ALMI's belt tensioning system simplifies tensioning the grinding belt. The belt is tensioned using the hexagonal spanner supplied with the machine. The grinding belt can be tensioned quickly and the grinding rollers can be changed in seconds. All pipe grinders are equipped with a deburring table.

Incl. 5 pcs. grinding belts, 1 pce. grinding roll Ø. 42,4 mm

Buying used machinery is a matter of trust – Our transparency promise

We offer you maximum security and complete transparency.

• **Honest insights**: Detailed photos and functional videos of the current condition

• **Live on-site check:** Live testing is possible at our facility

• **Digital demonstration:** Individual live demonstration via video call

• **Risk-free purchase:** 14-day return policy
