Description

Demo machine / mint condition

The lever operated AL100U-01 can grind material from \varnothing 20 mm to \varnothing 76.1 mm. Its compound slide and carriage with rotatable clamp are continually adjustable allowing the machine to grind all pipe sections at any angle between 30° and 90°. The ALMI AL100U-01 can be used to grind square, rectangular and round pipes with a range of wall thicknesses and is suitable for all customary types of materials. ALMI's belt tensioning system simplifies tensioning the grinding belt. The belt is tensioned using the hexagonal spanner supplied with the machine. The grinding belt can be tensioned quickly and the grinding rollers can be changed in seconds. All pipe grinders are equipped with a deburring table.

Incl. 5 pcs. grinding belts, 1 pce. grinding roll \varnothing . 42,4 mm
