

## Pipe grinders AL150

Model	AL150
Brand	<a href="#">ALMI</a>
Condition	new
Tube diameter	20 - 114,3
Origin	Netherlands

🕒 approx. 2 - 4 weeks from order

**€ 6.352,00**

Leasing\*: € 122,59

## General characteristics

Grinding belt dimensions	150 x 2.000 mm
Tube diameter	20 - 114,3
Hand lever adjustment	1
Handwheel adjustment	1
Motor power	4 kW

## Dimensions and weight

Weight	270 kg
--------	--------

## Description

The AL150 can be operated with two hand-wheels or a lever. The machine is equipped with both options.

The AL150 can be used to grind material from Ø 20 mm tot Ø 114.3 mm. The compound slide and carriage with rotatable

clamp are continually adjustable, which means the machine can grind all pipe sections at every required angle between 30° and 90°.

The ALMI AL150 can be used to grind square, rectangular and round pipes with a range of wall thicknesses and is suitable for all customary types of materials. ALMI's belt tensioning system makes tensioning the grinding belt even easier. The belt is tensioned using the hexagonal spanner supplied with the machine.

The grinding belt can be tensioned quickly and the grinding rollers can be changed in seconds. All pipe grinders are equipped with a deburring table.

Incl. 5 pcs. grinding belts, 1 pce. grinding roll Ø. 42,4 mm
