Magnetic drilling machine PRO-36 PM Battery

Model	PRO-36 PM Battery
Brand	PROMOTECH
Origin	Poland

approx. 2 - 4 weeks from order

€ 2.595,00

General characteristics

Drilling capacy mild steel	12 mm
Taper	19 mm Weldon
Motor power	0.4 kW
Max. drilling capacity	12 mm
Max. core drill capacity	36 mm
Max. cutting depth	50 mm
Stroke	70 mm
Motor speed	260 rpm
Min. workpiece thickness	6 mm

Dimensions and weight

Length	361 mm
Width	238 mm
Height	352 mm
Weight	145 kg

Description

This special design battery-operated drilling machine equipped with permanent magnetic base is dedicated to operate in remote areas, where no power supply is available.

The base includes very strong neodymium magnets and does not require any electricity to operate.

PRO-36 PM Battery is equipped with LED monitoring system that generates signals in green and red colors to indicate the current status of the drill and provide safety information.

The drill can be used with convex (min diameter – 80 mm) and concave (min diameter 1000 mm) materials.

Up to 47 holes fi 20 mm in 10 mm thick plate can be made when PRO-36 PM Battery is equipped with CAS LiHD 10.0 Ah battery pack.

Features and benefits:

• LED interface flashes green when inadequate adhesion is detected due to e.g. gap or thin work piece

• dual bars guide system ensures extraordinary stiffness and adjustment free operation

• overload protection

• tilt sensor stops the motor if machine breaks away

• control panel is equipped with so called „vandal resistant” illuminated start/stop motor buttons.

Standard shipping set:

• Cordless Drilling Machine with coolant container

• Plastic Box

• Battery 4.0 Ah

• Handle (3 pcs)

• Safety strap

• Allen wrench hex s=4 with handle

• Operator’s Manual

Options (prices on request):

Battery charger

Pressure cooling system

Vacuumpad

Vacuumpump

Compressed air ejector
