## General characteristics

|                                              |         |
|----------------------------------------------|---------|
| Bending length                               | 5020 mm |
| Bending capacity steel 400 N/mm <sup>2</sup> | 2 mm    |
| Bending capacity Alu 190 N/mm <sup>2</sup>   | 3 mm    |
| No. of stand and tension arm units           | 7       |
| No. of driven linkage assemblies             | 7       |
| Sheet insertion depth                        | 1130 mm |
| Opening of upper beam                        | 180 mm  |
| Working height                               | 915 mm  |

## Dimensions and weight

|                              |         |
|------------------------------|---------|
| Length with hand shear       | 5550 mm |
| Length with electrical shear | 6200 mm |
| Width                        | 1435 mm |
| Height                       | 1460 mm |

## Description

hydraulic drive  
hydraulic sheet thickness adjustment  
manual adjustable clamping beam pre tensioning  
2 hydraulic pressure levels  
standard control  
additional rail on the bending beam  
2x foot pedal  
removeable material support  
safety equipment accoring to the control rules BG Germany

Stands and tension arms are made of high quality ductile cast iron eliminating any possibility of cracking, breaking, twisting, warping or other distortions.

3 year warranty on stands and tension arms.

Quality Made in Germany.

**Further models from 3 up to 12 m length and from 1,25 mm up to 3,00 mm bending capacity on request.**

### optional equipment:

|                                                             |                  |
|-------------------------------------------------------------|------------------|
| manual rotary shear                                         | price on request |
| powered rotary shear St/Al 1,25/1,5 mm                      | price on request |
| powered rotary shear with cutting head "S" St/Al 1,5/2,0 mm | price on request |

|                                                             |                  |
|-------------------------------------------------------------|------------------|
| powered rotary shear with cutting head S2 ST/AL 2,00/2,50 m | price on request |
| powered rotary shear with cutting head S3 ST/AL 3,00/4,00 m | price on request |

7-inch display, presetting of up to 10 different angles price on request

#### **Control BMS 100**

10-inch display control price on request

#### **Control BMS 150**

10-inch display control with powered back gauge TAZ 1000 wprice on request  
ith 3 adjustable  
gauge fingers, area 22 - 985 mm

#### **Control BMS MULTI-Touch**

graphic touch control with powered back gauge TAZ 1000 witprice on request  
h 3 adjustable gauge  
fingers, area 22 - 985 mm

additional fingers for back gauge TAZ1000 price on request  
PC-software "BMS Touch" price on request

#### **Konical back gauge TAZK 1000**

seperate gauge finger, driven independant from the back gauprice on request  
ge

controlled by control BMS Touch, area 22 - 985 mm

manual back gauge, area 70 - 1000 mm price on request

#### **Clamping beam adjustment**

manual clamping beam adjustment price on request  
hydraulic clamping beam adjustment (incl. manual clamping price on request  
beam adjustment)

Prices ex works Germany.

Transport and commissioning at customers place on request.
